Provision Packs Permission Form

Hello Parents/Guardians,

I would like to take this opportunity to introduce you to the Provision Pack program. We provide well balanced nutritional food for children on the weekend, and extended breaks during the school year. Most importantly, we hope that these packs provide the blessing of nutrition, and bring comfort to the children of our community so that our youth can focus on their academics and become healthy, successful young adults. The packs will include items such as granola bars, cereals, mac and cheese, canned meats, pastas, etc.

Please return the form below to see If your child qualifies for this program. Each child will receive their first Provision Packs bag once this sign-up form has been received and processed by the school/provision packs. Please detach the form below and <u>return it to your child's guidance counselor by (insert date)</u>. In the event there are multiple children in a household, please fill out a form for each child. Your child will discreetly receive his/her bag of food from the school staff on each Friday, unless Friday is a holiday. The bag is packed with care to ensure that your child can fit them in a book bag.

For questions or concerns about our program, visit www.provisionpacks.org or for more information on the logistics of the bag disbursement, please contact your child's guidance counselor.
